

# GeMiniMUN 2018

Honourable MUN directors, GeMUN Community and Schools' Directorates,

I'm Riccardo Tadei, of Deledda International School, Secretary General for the 2018 session of GeMiniMUN and President of General Assembly at the 2019 session of Genoa Model United Nations conference. I am writing you to invite your MUN club to our conference, which will take place on **Friday 23rd and Saturday 24th of November 2018** (Location details coming out soon). Every year, delegates participating to GeMiniMUN have the chance to enhance their debating skills and make further practice before GeMUN. This year we have also decided to add one more day to the conference so to simulate also the GA plenary Session. We also invite new delegates with no previous experience and furthermore we encourage all those students with consistent experience to apply for Chairing positions so to be evaluated by Secretariat Members before GeMUN. For the above mentioned reasons the two committees will have two different difficulty levels; one advanced and one for beginners.

This year conference's theme will be: "Situation in the Middle East" with two GA Committees debating on pressing issues. **The advanced committee will be the Disarmament and International Security Committee (DISEC-GA1) while the beginners one will be the Social Humanitarian and Cultural Committee (SOCHUM-GA3).** Furthermore we remind you that also an ICJ Committee will be present at the conference.

Further details and programme of events together with official applications of all kinds will come out in September, however, we kindly ask you to notify us whether you plan to take part in the conference or not in order to plan all logistical and organizational aspects related to the conference.

Best regards

*Riccardo Tadei*

Secretary General, GeMiniMUN 2018

President of the General Assembly, GeMUN 2019
